Cicom Global
Intelligence wins competition

IAFIE / CICOM GLOBAL CERTIFICATE WORKSHOP

The International Association for Intelligence Education (IAFIE)-Global and the IAFIE-Europe Chapter in conjunction with Cicom Global will be offering those attending IAFIE's 16th Annual Conference on 19-22 June in Treviso, Italy a unique opportunity to earn a Certificate in Open Source Intelligence (OSINT) Techniques. The workshop will be taught by Amir Fleischman.

Open Source Intelligence (OSINT) Techniques Workshop
Innovative and Intensive Certificate Program
**"Comprehensive and Sophisticated Usage of
Open Source Intelligence (OSINT)"**
Saturday and Sunday, 18-19 June 2022
Two full-days: 0900-1600

Our two-day exclusive workshop provides attendees with:

- Innovative tools, techniques, platforms, tips and tricks available in the Internet and mobile applications, which enable the attendants to ameliorate their research skills by effectively finding significant information and developing insights on relevant targets.
- Interactive, hands-on learning that is followed by powerful live searches, practical examples and authentic case studies.
- Certificate documenting new skill-sets.
- PDF presentation with content covered in the workshop.

Professionals: $495 (early bird pricing: $445)
Students: $295 (early bird pricing: $245)
