

# MB CHARLES

# MB CHARLES

The "MB CHARLES" is inspired by the shape of the egg, a symbol of perfection and example of lightness. It is elegant, comfortable and delicate where curved and straight lines coexist harmoniously. By simply rotating the back, without removing any of the cushions, the "MB CHARLES" converts into a bed with wooden slats in just minutes. The covers are completely removable and washable according to the fabric chosen. Charles is also available just as a sofa and can be completely disassembled for easy delivery.
