

# EM LOUNGE

# EM LOUNGE

“EM LOUNGE” is a very versatile sofa. The freedom of arrangement of backs and armrests that can be positioned anywhere makes it an original and distinctive seating system. The beauty of this sofa is its modular weighted cushions and how it can be positioned anyway you like it. The zip fastener makes it possible to use a fabric and a leather cover together. Although they have different care requirements, it makes them look like a single cover. All the fabric is removable and washable.
