

EXTEND

"EXTEND" is a file cabinet that can be extended in different ways for different uses. It forms a practical addition to the Magic desk. This stylish cabinet on castors is characterized by its clear-cut design in a choice of either polished or matte finished stainless steel. The top shelf folds out and can be extended from 16.1" to 32.3" to provide a large shelf area. When folded, it alternatively provides a handy space – saving option. A gentle press is all that is required to open the drawers.
