Dear Ofir,

It is a pleasure to write you and to recommend your work with us at Satellite Mediaport Services.

Last year you worked with us to conceptualize, design and implement our website as we initialized marketing efforts for our satellite communications teleport located in Rugby, United Kingdom.

Several highly exceptional characteristics of your work stood out most in this process and are well remembered. Firstly, even though it was a new field/industry for you, we very quickly learned what was needed in this industry and almost immediately you contributed creative ideas to the process. The project was completed on time and within the budget. Everything you promised in the pre-sale was delivered. Throughout, you maintained a positive and cordial service-orientation, thereby making the process all the more pleasant.

We not only can warmly recommend your work but we also look forward to work with you and your colleagues again.

Yours truly,

Todd Miller
